### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ned McMahon on 01/04/2006. The application has been amended as follows:

***Cancel claims 1 and 2.***

***In claim 6, change the dependency from claim 1 to claim 3.***

***In claim 9, change the dependency from claim 1 to claim 3.***

***In claim 10, at the end of claim between the word devices and the period (.) insert the following --- , and further comprising a first end cap removably secured to one of said plurality of peripheral devices ---***

***Cancel claim 12***

***In claim 13, change the dependency from claim 12 to claim 10.***

***In claim 17, at the end of the claim between the word module and the period (.) insert the following --- , further comprising plugging a first end cap into said first peripheral so that said first end cap is physically connected to said first peripheral ---***

***Cancel claim 19***

***In claim 20, change the dependency from claim 19 to claim 17.***

***In claim 21, change the dependency from claim 19 to claim 17.***

***Allowable Subject Matter***

2. Claims 3-11, 13-18, and 20-23 are allowed.
3. The following is an examiner's statement of reasons for allowance: With regard to independent claims 3, 7, 8, 10, and 17, prior art fails to teach or suggest a modular security, monitoring, and control device as shown in Figure 1, wherein a first end cap is removably connected to a first peripheral. Applicant's invention differs from the prior art in that peripheral devices are connected to a core module between the core module and the end cap, wherein the prior art teaches peripherals directly connectable to a core module through an opening in an end cap.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
